

EDUCATION ENLIGHTENS

The newsletter that enlightens the youth on educational issues

Volume 1 Issue

February 2016

The history of Tafelsig High School...

Tafelsig High School opened its doors in 1984. The principal at the time was Mr. Tossie. He left us with an important message... **“Education enlightens and opens many doors/opportunities for many young people ... and the best policy is to believe in yourself, to hard work and with dedication.”**

Ms. R. O’Shea is the current principal of Tafelsig High School. She came and taught us better educational skills and stopped all the negativity and false judgments of the school.

Tafelsig High School recently competed against 21 other schools from Eastern Cape and consistently took home the best addressed, namely-best drum major, best grand march pass, best exhibition and overall winners of the high school teams.

Last year our school suffered a great loss with the death of a bright, hardworking, dedicated and well known teacher, Mr. Steven. You are sorely missed by all of us.

He was the deputy principal and he always used to encourage learners not to do wrong things and to always strive for a better future.

OUR SCHOOL’S HUMAN RESOURCE PROJECT

Tafelsig High School takes part in many Human Resource Projects which consists of raising awareness by reducing the amount of water usage at school. The school collects water which they give back to the community. The school also assists the community by sponsoring food and clothing to the community.

A reminder Valentine’s Day Event.

See the posters in the reception area for more information.

Dear editor

As learners from Tafelsig in Mitchell's Plain, we face many challenges on a daily basis, especially crime. Our safety to and from school is a huge concern. Our safety inside the school grounds are often compromised with gangsters coming onto our school grounds. Is there a way that the community, the police or the government can assist us by making our schools safer? It is important that learners feel safe in their learning environment.

What is the advantage of having a good education?

Having an education will give you a better chance of getting a job that pays a good salary. Formal education, together with a lot of work by the student can produce qualifications and credentials that will land you that promotion or management position.

An education also improves you overall as a person and builds a high self-esteem. It helps you to develop to your full potential. Learning is the most powerful tool in the world. The more you know the better you will get along in the world.

Upcoming events

- ✓ Valentines Day Programme
- ✓ Variety show
- ✓ Soccer tournament
- ✓ Awards day

More information will be included in the next issue.

Remember that every drop of blood is precious.
